

## Mauritius Institute of Health

### Strategic Planning Questionnaire

We are conducting this survey to collect information from our different stakeholders. We would like to have your views regarding priority areas which could be addressed in our next strategic plan (2020/21 – 2022/23).

You are not obliged to answer any question you do not wish to. Please also note that all your responses will be kept confidential.

1. In your opinion, what are we doing well? (What are our successes? What is creating the biggest impact?)

\_\_\_\_\_

\_\_\_\_\_

2. Taking into account the mandate of the MIH [see extract from the *Mauritius Institute of Health (amendment) Act 2017 attached*], to what extent should MIH strategic goals and objectives emphasize each of the following areas? Please add any other area(s) you think are important.

*[Use a scale from 1 to 10 where 1 indicates “little emphasis” and 10 indicates “strong emphasis”]*

No.		1	2	3	4	5	6	7	8	9	10
<b>1.</b>	<b>Training</b>										
1a	Conducting training of local health personnel										
1b	Organising training of participants from countries of the region										
1c	Coordinating continuous professional development (CPD) activities in the healthcare sector										
1d	Run CPD courses										
<b>2.</b>	<b>Research</b>										
2a	Undertaking health systems research to support decision-making										
2b	Strengthening capacity for health systems research										
2c	Developing capacity for clinical trials										
2d	Building capacity for clinical audit										
<b>3.</b>	<b>Innovation</b>										
3a	Enhancing utilization of digital tools in MIH activities										
3b	Providing research and education opportunities to better respond to future health workforce needs										
3c	Supporting health workforce development through new and better ways										
<b>4.</b>	<b>Partnerships/collaboration</b>										
4a	Cooperating with other similar institutions										
4b	Collaborating with regional and international organisations in training and research activities										
<b>5.</b>	<b>Acting as a national health information and documentation centre</b>										
<b>6.</b>	<b>Any other priority areas [please specify]</b>										

3. What possible measure(s)/action(s) do you think could be implemented in each of these areas?

*[An example for training: Meeting the training needs of health personnel to better address the NCD epidemic]*

1. Training:

---

---

---

2. Research

---

---

---

3. Innovation

---

---

---

4. Partnerships/collaboration

---

---

---

5. Other areas *[Please Specify]*

---

---

---

---

4a. From your perspective, are there any obstacles/difficulties/constraints in getting those measures/actions implemented?

1. Yes                       2. No

4b. *[If your answer to Q4a is yes]* Please specify.

---

---

---

4c. How can these be overcome?

---

---

---

5. Any global and/or local trends that are emerging over the next 3 years that could impact on the future of MIH?

---

---

---

6. Any significant change that you wish to happen in MIH?

---

---

---

7. Any other suggestions you would like to make pertaining to strategic planning that have not been included in your earlier responses?

---

---

---

---

---

8. Are you responding individually or on behalf of your institution?

1. Individually                       2. On behalf of my institution

9. What has been or is your (or your institution's) association/involvement with MIH?

1. A Board member   
2. A collaborator   
3. A facilitator/resource person   
4. A client   
5. A student or course participant
